

PRE-SCREENING FORM

Everyone coming to worship at Cottam United Church must complete a screening process according to Ontario Ministry of Health guidelines. Screeners will be stationed at the entrance to screen everyone coming in the door. In order to ensure the safety of all worshippers, anyone who fails the screening process will not be able to enter the building.

In order to improve the efficiency of the screening process, worshippers are invited to use this Pre-screening Form. If you are able, please complete the form for every member of your family and present it to the Screeners upon entering the building. If you have more than 7 members in your family, please do not use the back of this sheet but print a second one.

If you have any questions, please contact the church office immediately.

Worship Date: _____
